A Brief Modern History of Stormy Lake

From our website, www.StormyLakeWI.org

We acknowledge that this lake and the surrounding forests are the ancestral home of the Anishinaabe and Ojibwe peoples who lived on and cared for these lands for hundreds of years. The Indigenous descendants of the original inhabitants continue to be our neighbors.

The lake was included in territory ceded by the Indigenous peoples to the US government in the Treaties of 1837 and 1842 that relinquished property claims but retained hunting, gathering, and fishing rights.

The lake's earliest non-Indigenous name, "Jack Laners Lake," appears on a land agency map published in 1897. By the 1910's the lake was known as Stormy Lake. The far southeastern area of the lake off of Denton Road was first settled in the early 1900s. Enos F (EF) Hayward (1866-1936), who obtained a homestead in 1901 on Haymeadow Creek near Rummels Road north of Conover, built a cabin on a tract of land on the lake in about 1918. The site was apparently used for 300 Camp Fire Girls for summer camp in 1921. Hayward, who was known as "The Poet of the Pines," published a book entitled, *Poems from the Northwoods*. He sold the property in about 1927.

Other families moved in nearby. A 1946 US Geological Survey map shows nine structures on the lake, all on Denton Road. East Stormy Lake Road was soon developed. By 1950, buildings had appeared on the newly developed south end of West Stormy Lake Road. Two cabin resorts—Stormy Lake Resort on Baker Lake Road and Debruyne's Four Seasons Resort on West Stormy Lake Road—opened. The resorts flourished in the 1950s and 1960s, but were both sold off by the early 1970s.

In 1947, Wally Adams created a subdivision on the West side of the lake from Baker Lake Road to the tip of the point, creating the boat landing, thirty lots, and Stormy Point Road. West Stormy Lake Road was later completed by connecting Stormy Point Road to the road that accessed Debruyne's Resort in the 1950s.

A 1977 application to zone a mobile home park on the west side of West Stormy Lake Road with "keyhole access" to the lake caused an uproar. A group of homeowners successfully lobbied the Town of Conover to disapprove the proposal. This group then formed the Stormy Lake Association. As of 2026, over 120 families own property on Stormy Lake.

STORMY LAKE COURTESY CODE

Please post and review these common-sense guidelines with guests and family.

BOATING

- Boats running at higher than a "slow-no-wake" speed and personal watercraft (e.g., Jet Skis and WaveRunners) may be operated only between sunrise and sunset. Our courtesy code is more lenient than the local ordinance ([Conover Ord. 1-76](#)) that requires slow-no-wake speeds between 6:00 PM and 9:00 AM.
- **Wake-enhanced boats:** Studies recommend these boats stay at least **500 feet** from shore and operate only in areas where the water is at least **25 feet deep** to preserve the shoreline and lakebed.
- **Personal watercraft and ski boats towing skiers or tubes:** By ordinance, these boats remain at least **200 feet** from shore, docks, swimmers, and watercraft.
- **Other boats under power:** These boats remain at least **100 feet** from shore, docks, swimmers, and watercraft.
- See the Wisconsin DNR *Boating in Wisconsin* page for more information: <https://dnr.wi.gov/topic/boat/>.

CLEAN BOATS, CLEAN WATERS

- Before launching and after removing boats from the lake:
 - INSPECT the boat, trailer, and equipment.
 - REMOVE all attached aquatic plants and animals.
 - DRAIN all water from the boat, vehicle, and equipment.
- To avoid introducing invasives, take and dispose of unused bait. Do not throw it in the lake.
- Do not empty fuel in the lake or near the landing.

OUTSIDE LIGHTING

- To enhance everyone's stargazing and Northern Lights experiences, please turn off all outside lights (especially lake-facing) when not actively in use. Consider installing motion-activated lights.

NOISE

- Sound travels over water. Be mindful of loud music, barking dogs, and early- or late-hour power tool use.

WILDLIFE

- Observe loons and wildlife from a respectful distance. If the animal reacts to your presence, back off.

FIREWORKS

- **Bottle rockets, roman candles, mortars, and firecrackers are illegal.** Wisconsin law requires a permit to use fireworks that explode or leave the ground. Fireworks that don't explode or leave the ground—for example, smoke bombs, cones, fountains, and sparklers—are okay.
- **Forests are flammable. Our local fire department is small. Explosions can be extremely traumatic for some Veterans, pets, and persons with disabilities. Please remember, not everyone loves fireworks.**
- Only You can Prevent Forest Fires! Please head into Eagle River or up to Land o' Lakes to enjoy the show.

Share the lake and help protect it for future generations.

Stormy Lake Association – Updated 2025
