Conover, Wisconsin 54519

Dear Mr. Leu:

Reference is made to your recent phone call to this office concerning Stormy Lake, Vilas County.

Enclosed is a photocopy of the past stocking record and a pamphlet explaining how to construct brush shelters. Due to limited manpower and funds our Department is unable to construct additional shelters. However, your lake association can apply for a permit to construct them.

X Lake survey work is planned for Stormy Lake this fall using both nets and a shocker boat. When a firm date is set for this work I will let you know so you or any other interested people can observe this work.

* In addition, Stormy is scheduled to be stocked with 20,000 brown trout and 12,000 rainbow trout fingerlings this fall.

If you have any other questions feel free to contact me.

Sincerely,
NORTH CENTRAL DISTRICT
